

## VESTIS WARRANTY CONDITIONS

This warranty declaration issued by MAZZONETTO SPA in relation to the product called VESTIS:

- Concerns only the features listed below in relation to the base material (aluminium) and the K2 coating;
- Applies only to the material installed on the specifically indicated building;
- Solely authorizes the owner of the building called "end consumer".

The warranty in question is governed by the provisions, conditions and limitations listed below:

1. The VESTIS product covered by warranty comprises a coating called K2 with an aluminium base.
2. The warranty period is 40 years and begins on the date shown on the Delivery Note of the first delivery of the VESTIS product by MAZZONETTO SPA, MAZZONETTO POLSKA SP. Z.O.O., MAZZONETTO DEUTSCHLAND GMBH to the distributor or installer.  
The warranty period on the coating is reduced by half if the VESTIS product is installed in an area south of latitude 42.5 °.
3. MAZZONETTO guarantees that during the period covered by warranty:
  - a. The base material does not present alterations due to breakage, corrosion or frost which may limit the mechanical functionality of the product.
  - b. The coating does not flake, does not form bubbles, does not chip, does not crack and does not break (except for small tears called micro-cracks caused by working on edges, folds or cut points).
  - c. The coating does not show uneven fading - with the exclusion of non-uniform exposure to UV rays and various kinds of weather conditions.
  - d. Other damage will not be recognized by MAZZONETTO.
4. The warranty is subject to compliance with the following conditions:
  - a. Laying in a workmanlike manner, in accordance with the technical and legal requirements and the rules and regulations in force, and with the absence of physical/constructional and design errors.
  - b. Exclusive use of original VESTIS accessories.
  - c. Laying in coastal environments at a distance less than 800 mt. from the sea.
  - d. The warranty is valid for the original K2 coating and excludes parts painted over or on which a re-touching colour has been applied.
5. The warranty excludes defects that occur in the case of:
  - a. Failure to observe the above mentioned installation rules.
  - b. Defective processing of the VESTIS product.
  - c. Presence of factors that have affected the base material, coating or functionality of the product before installation, during storage or prior to its laying.
  - d. Damage caused by natural disasters or other instances of force majeure.
  - e. Damage caused by constant immersion in water or any other liquid or solid substance.
  - f. Damage resulting from installation in areas with a corrosive atmosphere or arising from other electrochemical actions with the surrounding environment or a building covered with VESTIS - reference EN 1396: 2007, Table C.1, category 4 - (meaning - by way of example but not limited to - for areas with a corrosive atmosphere and with a high presence of chemical fumes or salt spray. Minimum distance from the coast for the validity of the warranty is 800 mt. measured according to average high tide).

- g. Defects resulting from mechanical damage or other physical damage caused to the product by persons or things of any kind.
  - h. Damage covered by insurance.
6. WARNING:
- a. This warranty becomes valid after the end consumer sends the pre-printed form properly filled out to MAZZONETTO SPA, MAZZONETTO POLSKA SP. Z.O.O., MAZZONETTO DEUTSCHLAND GMBH within 30 days of completion of VESTIS installation.
  - b. The damages that fall within the period of validity of the warranty must be reported in writing by submitting a copy of the warranty within 30 days from the time the defect was detected or could have been detected by the end consumer.
7. In the event of a legitimate right to exercise the warranty, MAZZONETTO at its sole discretion will decide whether to intervene through repairs, material or paint renewal or product replacement, by supplying the commissioned installer or alternatively to another company.  
MAZZONETTO reserves the right to modify at any time the VESTIS range. In cases in which the product under warranty is no longer available, MAZZONETTO will identify a product of similar quality.  
In the event of a warranty claim, the differences in the colour of the coating between the new material and the material originally installed, due to aging, does not represent a warranty defect.  
The period of validity of the warranty in case of substitution, is from the original installation.
8. This warranty shall not limit the end consumer's right to recourse against the distributor or installer in accordance with provisions of the applicable laws.
9. Place of jurisdiction for all disputes is MAZZONETTO SPA's headquarters in Italy.
